

## **Universite Stendhal Grenoble**

### **Grade Conversion**

Each institution has their own system for evaluating student coursework, which may include differences in the number of credit hours earned for courses. The following articulation information has been agreed upon by Illinois State University and your study abroad host institution.

#### **Grade Conversion**

Final grades and course articulations are determined by French faculty at ISU.

#### **Credits Earned Conversion**

Student who successfully complete the two courses earn 6 credits hours total (3 credits for each course).

#### **Grade Articulation Process:**

Upon your program completion, an official transcript from your host institution will be sent to the Office of International Studies and Programs. Upon receipt, your transcript will be forwarded to the [Office of the Registrar](#) for evaluation. Your transcript and [Academic Planning Form](#) will be used together to determine the ISU equivalent credit, which will be entered into your ISU grade report. All grades earned during study abroad will impact your ISU cumulative GPA.

Please see the [transcript section](#) of the study abroad website for details on estimated processing time as well as how to view your grades.
